

# Coal Clough Academy Careers

Autumn 2019

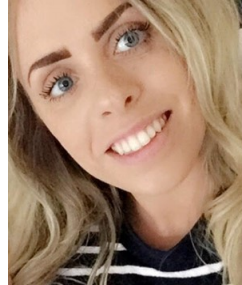

## Meet the Careers Team!

D. Yates: Careers Lead

S. Lonsdale: Careers co-ordinator

C. Pomfret: Careers

### Careers @ Coal Clough

At CCA, we feel that it is crucial that our students are fully informed of all post 16 options. We use programmes such as Cascaid and Kudos within our Curriculum, which ALL pupils have access too!

### Work Experience Students!

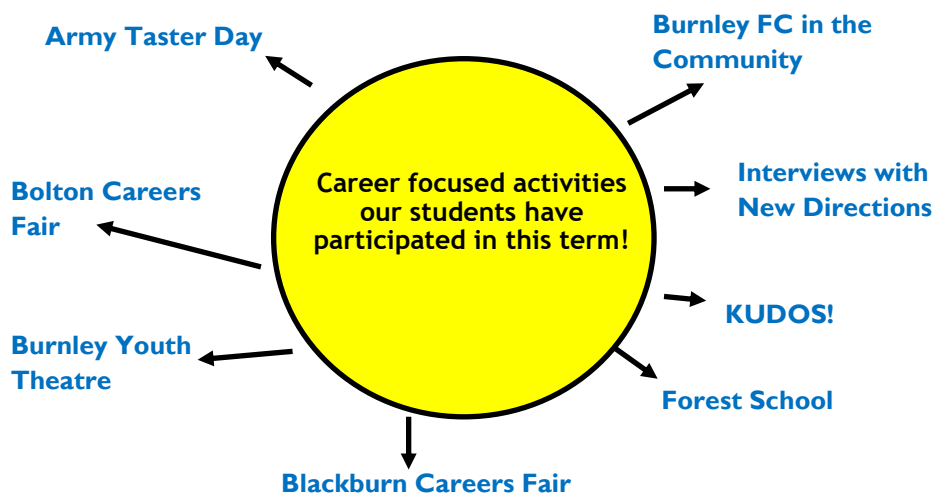

Throughout Autumn Term, our Year 11 students have been going on their work experience placements. Their process started by preparing for the work place in school, each student had preparation for the work place sessions and were expected to contact their employer for a meeting before their placement started. Students started their work placements in September 2019, this will be an ongoing experience throughout the year. Reports so far are that students have thoroughly enjoyed their work experience.

One of our Year 11's working on a local construction site in Burnley!

### Gatsby Benchmarks!

Last academic year, CCA achieved ALL 8 Gatsby Benchmarks! We are already on our way to achieving all 8 again this year! Big achievement for CCA and our students!

### Coal Clough Careers Fair—30th January 2020

Coal Clough Careers Fair will take place on Thursday 30th January 2020! The intention is to allow Year 7 through to Year 11 to attend the event to allow them to broaden their knowledge around the opportunities and career paths available Post 16. Parents/Guardians are encouraged to attend!

### CCA Website

Parents, Guardians and Students can access Careers Education Information Advice and Guidance on the CCA website <http://www.coalclough.org/curriculum/careers/>

### Compass+

The Careers department have had a system upgrade in how we track Careers in the curriculum within CCA. This also records student progress relating to the 8 Gatsby Benchmarks.
