## 1.0 AIMS

### 1.1 The school aims to:

- Have robust processes in place to ensure the online safety of pupils, staff, volunteers and governors.
- Deliver an effective approach to online safety, which empowers us to protect and educate the whole school community in its use of technology, including mobile phones and other smart technology.
- Establish clear mechanisms to identify, intervene and escalate an incident, where appropriate.

## 2.0 LEGISLATION AND GUIDANCE

### 2.1 This policy is based on the Department for Education's (DfE) statutory Safeguarding guidance, Keeping Children Safe in Education 2021, and its advice for schools on:

- Teaching online safety in schools
- Preventing and tackling bullying and cyber-bullying: advice for headteachers and school staff
- Relationships and sex education
- Searching, screening and confiscation

### 2.2 It also refers to the Department's guidance on protecting children from radicalisation.

### 2.3 It reflects existing legislation, including but not limited to the Education Act 1996 (as amended), the Education and Inspections Act 2006 and the Equality Act 2010. In addition, it reflects the Education Act 2011, which has given teachers stronger powers to tackle cyber-bullying by, if necessary, searching for and deleting inappropriate images or files on pupils' electronic devices where they believe there is a 'good reason' to do so.

### 2.4 The policy also considers the National Curriculum computing programmes of study.

## 3.0 ROLES AND RESPONSIBILITIES

### Trust

### 3.1 The Trust has overall responsibility for the effective operation of this policy and ensuring compliance with the relevant statutory or Trust framework. The Trust has delegated day to day responsibility for operating the policy to the Headteacher.

- Working with the Headteacher, ICT manager and other staff, as necessary, to address any online safety issues or incidents.
- Managing all online safety issues and incidents in line with the ICT Security & Safeguarding Policy.
- Ensuring that any online safety incidents are logged and dealt with appropriately in line with this policy.

- Ensuring that any incidents of cyber-bullying are logged and dealt with appropriately in line with the EPT Behaviour Policy.
- Updating and delivering staff training on online safety.
- Liaising with other agencies and/or external services if necessary.

3.11 Further guidance on keeping children safe online can be found on the useful links section

### Visitors and members of the community

3.12 Visitors and members of the community who use the school's ICT systems or internet will be made aware of this policy, when relevant, and expected to read and follow it. If appropriate, they will be expected to agree to the terms on acceptable use (Appendix 2). Visitors and members will be given a temporary and monitored account when using ICT equipment and accessing the internet to ensure no inappropriate behaviour is taking place.

#### 4.0 EDUCATING PUPILS ABOUT ONLINE SAFETY

4.1 Pupils will be taught about online safety as part of the National Curriculum:

- Assemblies
- ICT lessons

- The school will use assemblies to raise pupils' awareness of the dangers that can be encountered online and may also invite speakers to talk to pupils about this.

4.2 In **Key Stage 1**, pupils will be taught to:

- Use technology safely and respectfully, keeping personal information private.

- Only use school IT equipment or other technologies for educational purposes.

#### 5.0 EDUCATING PARENTS ABOUT ONLINE SAFETY

5.1 The school will raise parents' awareness of internet safety in letters or other communications home using Weduc, and in information via our website or virtual learning environment (VLE). This policy will also be shared with parents.

5.2 Online safety will also be covered during parents' consultation meetings.

5.3 If parents have any queries or concerns in relation to online safety, these should be raised in the first instance with the Headteacher and/or the DSL.

5.4 Concerns or queries about this policy can be raised with the DSL or the Headteacher.

## 6.0 CYBER-BULLYING

### Definition

6.1 Cyber-bullying takes place online, such as through social networking sites, messaging apps or gaming sites. Like other forms of bullying, it is the repetitive, intentional harming of one person or group by another person or group, where the relationship involves an imbalance of power. (See also the EPT Behaviour Policy.)

### Preventing and addressing cyber-bullying

6.2 To help prevent cyber-bullying, we will ensure that pupils understand what it is and what to do if they become aware of it happening to them or others. We will ensure that pupils know how they can report any incidents and are encouraged to do so, including where they are a witness as well as the victim.

6.3 The school will actively discuss cyber-bullying with pupils, explaining the reasons why it occurs, the forms it may take and what the consequences can be. Teachers will discuss cyber-bullying with their tutor groups, and the issue will be addressed in assemblies.

6.4 Teaching staff are also encouraged to find opportunities to use aspects of the curriculum to cover cyber-bullying. This includes personal, social, health and economic (PSHE) education, and other subjects where appropriate.

6.5 All staff and volunteers (where appropriate) will receive training on cyber-bullying, its impact and ways to support pupils, as part of safeguarding training (see section 11 for more detail).

6.6 The school also sends information/leaflets on cyber-bullying to parents so that they are aware of the signs, how to report it and how they can support children who may be affected.

6.7 In relation to a specific incident of cyber-bullying, the school will follow the processes set out in the Behaviour Policy. Where illegal, inappropriate, or harmful material has been spread among pupils, the school will use all reasonable endeavours to ensure the incident is dealt with.

6.8 The Senior Leadership Team, including the DSL, will consider whether the incident should be reported to the police if it involves illegal material and will work with external services if it is deemed necessary to do so.

### Examining electronic devices

6.9 School staff have the specific power under the Education and Inspections Act 2006 (which has been increased by the Education Act 2011) to search for and, if necessary, delete inappropriate images or files on pupils' electronic devices, including mobile phones, iPads, and other tablet devices, where they believe there is a 'good reason' to do so.

6.10 When deciding whether there is a good reason to examine or erase data or files on an electronic device, staff must reasonably suspect that the data or file in question has been, or could be, used to:

- Cause harm, and/or
- Disrupt teaching, and/or
- Break any of the school rules

6.11 If inappropriate material is found on the device, it is up to the staff member in conjunction with the DSL or other member of the senior leadership team to decide whether they should:

- Delete that material, or
- Retain it as evidence (of a criminal offence or a breach of school discipline), and/or
- Report it to the police
- Staff may also confiscate devices for evidence to hand to the police, if a pupil discloses that they are being abused and that this abuse includes an online element.

- 6.12 Any searching of pupils will be carried out in line with the DfE's latest guidance on screening, searching and confiscation.
- The DfE's latest guidance on [screening, searching and confiscation](#)
  - UKCIS guidance on [sharing nudes and semi-nudes: advice for education settings working with children and young people](#)
  - The school's COVID-19 risk assessment

- 6.13 Any complaints about searching for or deleting inappropriate images or files on pupils' electronic devices will be dealt with through the school complaints procedure (See Complaints Policy).

## 7.0 ACCEPTABLE USE OF THE INTERNET IN SCHOOL

- 7.1 All pupils, parents, staff, volunteers, and governors are expected to sign an agreement regarding the acceptable use of the school's ICT systems and the internet (Appendices 1-3). Visitors will be expected to read and agree to the school's terms on acceptable use if relevant.

- 7.2 The use of the school's internet must be for educational purposes only, or for the purpose of fulfilling the duties of an individual's role.

- 7.3 We will monitor the websites visited by pupils, staff, volunteers, governors, and visitors (where relevant) to ensure they comply with the above.

- 7.4 More information is set out in the acceptable use agreements in appendices 1, 2 and 3.

- 7.5 Any breach of the terms will be dealt with inline with the ICT Security Policy.

## 8.0 PUPILS USING MOBILE DEVICES IN SCHOOL.

- 8.1 Pupils may bring mobile devices into school but are not permitted to use them in lesson times.

- 8.2 Any use of mobile devices in school by pupils must be in line with the acceptable use agreement (see appendices 1 and 2).

- 8.3 Any breach of the acceptable use agreement by a pupil may trigger disciplinary action in line with the Behaviour Policy, which may result in the confiscation of their device.

## 9.0 STAFF USING WORK DEVICES OUTSIDE SCHOOL

- 9.1 Staff members using a work device outside school must not install any unauthorised software on the device and must not use the device in any way which would violate the school's terms of acceptable use, as set out in Appendix 2.

- 9.2 Staff must ensure that their work device is secure and password-protected, and that they do not share their password with others. They must take all reasonable steps to ensure the security of their work device when using it outside school. Any USB devices containing data relating to the school must be encrypted.

- 9.3 If staff have any concerns over the security of their device, they must seek advice from the ICT manager.

- 9.4 Work devices must be used solely for work activities. Staff members must not use the device in any way which would violate the school's terms of acceptable use, as set out in Appendix 2.

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

- Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol).
- Ensuring their hard drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device.
- Making sure the device locks if left inactive for a period of time.
- Not sharing the device among family or friends.
- Installing any anti-virus and anti-spyware software recommended by the school.
- Keeping operating systems up to date – always install the latest updates.
- VPN to ensure safe connection when using public networks or private networks. IT team at the school will ensure this is setup on staff devices.

## **10.0 HOW THE SCHOOL WILL RESPOND TO ISSUES OF MISUSE.**

- 10.1 Where a pupil misuses the school's ICT systems or internet, we will follow the procedures set out in our policies on Behaviour and ICT Security Policy. The action taken will depend on the individual circumstances, nature and seriousness of the specific incident, and will be proportionate.
- 10.2 Where a staff member misuses the school's ICT systems or the internet or misuses a personal device where the action constitutes misconduct, the matter will be dealt with in accordance with the staff disciplinary procedures. The action taken will depend on the individual circumstances, nature, and seriousness of the specific incident.
- 10.3 The school will consider whether incidents which involve illegal activity or content, or otherwise serious incidents, should be reported to the police.

## **11.0 TRAINING**

- 11.1 All new staff members will receive training, as part of their induction, on safe internet use and online safeguarding issues including cyber-bullying and the risks of online radicalisation.
- 11.2 All staff members will receive refresher training at least once each academic year as part of safeguarding training, as well as relevant updates as required (for example through emails, e-bulletins and staff meetings).
- 11.3 The DSL will undertake child protection and safeguarding training, which will include online safety, at least every 2 years. They will also update their knowledge and skills on the subject of online safety at regular intervals, and at least annually.
- 11.4 Volunteers will receive appropriate training and updates, if applicable.
- 11.5 More information about safeguarding training is set out in our EPT Safeguarding Policy.

## **12.0 MONITORING ARRANGEMENTS**

- 12.1 The DSL logs behaviour and safeguarding issues related to online safety.
- 12.2 This policy will be reviewed every 2 years by the Trust. At every review, the policy will be shared with the governing body for consultation.
