

Dear Parent/Guardians,

Re: School provision during COVID 19 pandemic

Thank you for your continued support over what has been a very challenging and uncertain time for us all. As you will be aware, the government has closed all schools except for vulnerable students and those whose parents are key workers.

I have taken the decision to close the school following confirmation from the relevant parents/carers that their child will not be accessing a provision at Coal Clough Academy during the pandemic.

If you need to, you can contact school in the following ways:

- Email head@coalclough.org
- For enquiries about school work provided: cwhittaker@coalclough.org
- Attendance updates: lkeenan@coalclough.org
- Safeguarding concerns: neatwell@coalclough.org

Please ensure your child is following the government guidelines and staying safe by implementing social distancing measures, only making necessary journeys and continuing to wash their hands regularly.

Yours sincerely

Holly Clarke
Head Teacher

Coal Clough Academy
